Empathy for Mr Jerome

The Woman in Black by Susan Hill

Task 1  Inside the toes, come up with words to describe Mr Jerome in the chapter, 'Mr Jerome is Afraid'. (Scared or afraid cannot be used).

Task 2  Inside the main foot, write your response to the character at this point of the novel. Consider these points:

• What might be going through the character’s head at this point?
• Why might he be behaving this way?
• How do you feel towards him at this stage?
• What do you make of his reluctance to tell Arthur what he knows?
